

**Product : WA307****Product Name : HumiKure****Product Information :**

HumiKure is the potassium salt of humic acid and is manufactured from high quality leonardite. HumiKure is a biologically active organic fertilizer.

**Advantages of using HumiKure on crops :**

1. It acts as a soil organic conditioner.
2. It improves the texture and productivity of the soil.
3. It improves water holding capacity and nutrient availability of the soil.
4. It improves ion exchange capacity of the soil.
5. It improves disease and pest resistance ability of plants.
6. It helps in improving the soil microbial flora.
7. It helps in sustaining the nutrient status even after crop harvesting.
8. It prevents leaching of essential soil nutrients.
9. It helps in improving maturity of fruits and crops.
10. It helps in protecting the crop from adverse soil and weather condition.
11. It helps in increasing the biomass of the crop.

**Recommended Dosage :**

- 1) For soil application (basal dose) use 5 Kg per acre.
- 2) For drip application use 1-2 gm of HumiKure per liter of water.
- 3) For foliar application use 0.1-0.2 gm of HumiKure per liter of water.

**When to Use HumiKure :**

Can be used when crop undergo physical environmental stress, restarting new vegetative growth, pre and post flowering and fruiting.

**Directions For Use :**

- 1) Suspend 0.1 - 0.2 gram of HumiKure in 0.1 liter of water with constant gentle stirring till the powder dissolves completely.
- 2) To increase the efficiency of the solution add silicon based non-ionic wetting agent SuperStiker [WA306] at the rate of 0.5 ml per liter.
- 3) Make up the final volume to one liter by adding water.
- 4) It is recommended to carry out spraying in early morning prior to sunrise or before sunset.

## Technical Data

### **Quality Control :**

**Appearance :** Black powder

**Solubility :** Water soluble

**Humic acid [maximum] :** 70%

**Moisture [maximum] :** 15%

### **Application :**

Recommended for all types of crops.

### **Storage & Shelf life :**

Store the product below 30<sup>0</sup>C in a cool dry place away from direct heat and sunlight. Do not store the product along with food or animal feed. Empty packet should not be used for storage of any food products. Keep the product out of children's reach. Use before the expiry date mentioned on the label.

### **Note :**

For Agricultural use only.

### **Disclaimer :**

The use and storage of this product is beyond our control. We only assure the uniform quality of the product. The company is not responsible for crop damage occurring due to improper storage or sudden changes in environmental conditions or any natural calamity.
