

Technical Data

Product Code: WA402

Product Name: Super P-Monas™

Product Information:

Super P-Monas™ is an effective biocontrol agent, primarily used for control and prevention of various plant pathogenic bacterial and fungal diseases of agricultural crops.

Recommended Dosage: As per pathogen's infestation percentage.

Directions for Use:

Seed application: Add all the contents of Super P-Monas™ in required volume of water to coat desired seeds. To increase the sticking ability, add boiled and cooled 100gm jaggery or 10gm guar gum in required amount of water and mix with above microbial solution. Mix well till the solution gets homogenized. Treat the seeds by gently rubbing them in the above solution for even coating (Use rubber gloves). Dry the treated seeds in shade for 15-20 minutes. Seeds treated in this manner can now be used for sowing purpose.

Seedling treatment: Dip the desired seedling roots of required crops in the above solution for 5-10 minutes. Treated seedling in this manner can now be used for transplanting in the field.

Drenching/drip application: Add all the contents of Super P-Monas™ in 10 liters of water, mix well to get a homogenous solution. Make up the final volume to 100 liters by adding water. Mix well to get a homogenized solution. Use this Super P-Monas™ solution in equal volume around the root zone of crop through drenching or drip.

Foliar application: Add all the contents of Super P-Monas™ in 10 liters of water, mix well to get a homogenous solution. Make up the final volume to 100 liters by adding water. Mix well to get a homogenous solution. Use this Super P-Monas™ solution through foliar application. Foliar feeding should be applied in the early morning or evening when the air is cool.

Incompatibility: Do not use the product along with chemical fertilizers.

Compatibility: Compatible with other biofertilizers/biopesticides.

Quality Control:

Base: Liquid.

Colour: Light yellow to brown.

Contamination level: No contamination at 10⁵ dilution.

Storage & Shelf life: Store in cool place away from direct sunlight and heat. Do not store the product along with food or animal feed. Use before expiry date mentioned on the label.

Note: For Agricultural use only.

Warranty: The use of this product is beyond our control, we only assure the uniform quality of the product. The company is not responsible for crop damage occurring due to usage other than recommended dosage, sudden changes in environmental conditions or any natural calamity.
